

## Michael E. McCormick

CFP  
Financial Representative

*“I enjoy helping people make the best decisions for their future and their family’s future.”*

Since joining the financial services industry in 1999, Mike McCormick has made it his mission to build lifelong personal relationships with each client. He understands that no two people have the same financial dreams. Therefore, the path to reaching those dreams must be unique for every individual.

Originally from Memphis, Mike earned a bachelor’s degree in economics from the University of Tennessee before settling in Nashville. He joined Innovative Financial Group at the start of his career and appreciates the wide range of resources and support services the firm provides to each of its representatives. The diversity of products available through IFG allows him to not only customize an appropriate financial strategy for individuals and small business owners, but also to adjust and adapt these strategies as families grow and life changes.

Originally specializing in Long Term Care insurance, Mike achieved his CERTIFIED FINANCIAL PLANNER™ (CFP) designation in 2002 and now helps his clients in all aspects of their financial portfolio. He believes strongly in helping each client explore and understand their unique personal financial needs and desires in order to help them pursue their financial goals in the most practical and cost-effective way possible.

Besides working with clients to achieve their financial dreams, Mike enjoys spending time with his wife, Stacey, and two boys, Will and Baker, as well as attending sporting events and enjoying the outdoors in the great state of Tennessee.
